

DID YOU KNOW:

Pickleball is the fastest growing sport in America!

## Enhance the pickleball experience for players with our windscreens and fence toppers.

What does every pickleball player want? It's simple: the right equipment, the right court, and player protection — together they add up to the optimal pickleball experience.

A windscreen or fence toppers is appreciated by everyone who plays on a pickleball court. Choosing the right product and accessory not only makes for a more enjoyable playing experience, but also improves the overall look and feel of a court.

Our windscreens and fence toppers are produced and installed by a team of engineering, design, and technical experts and are proven to withstand the elements. Our windscreens are fully customized and range from simple backgrounds to more elaborate designs that make a visual "pop", all delivered via our CHROMA-BOND® world-class printing.

Whether a single court or an entire pickleball facility, a venue takes this growing sport to the next level with Aer-Flo Sports windscreens and fence toppers.
